The Gutta was a popular rap group in the early 2000s. The group consisted of rappers Young Jeezy, Lil Jon, and T.I. The Gutta released two albums, Guttar Music and The Inspiration, which were both certified platinum by the Recording Industry Association of America (RIAA). The group disbanded in 2005 due to creative differences between the members.

In recent years, there have been rumors of a Gutta reunion, but nothing has been confirmed. In 2019, Young Jeezy said that he was open to the idea of a reunion, but that it would have to be on the right terms. Lil Jon has also said that he would be interested in a reunion, but that it would have to make sense for everyone involved.

T.I. has been less enthusiastic about a reunion. In 2018, he said that he was not interested in getting back together with The Gutta. He said that he

had moved on from that chapter in his life and that he was focused on his solo career.

It is unclear whether or not The Gutta will ever reunite. The members of the group have all gone their separate ways and they are all successful in their own right. However, the legacy of The Gutta remains. The group's music was influential in the development of trap music and they helped to popularize the genre. The Gutta's music is still enjoyed by fans around the world and their legacy will continue to live on.
