Riddles

Riddles is the kind of forgotten past, where logic festers and chaos reigns. I
 where a quality through the veil, a cryptic message, decoded and free. First
 I seek the titan's home, whose footstep winds its way to me. A comic
 dance of two in sync, their secret lies within the tale. Second, venture to the
 ancient falls, where elements meet and legs fall. The fifth is fire, a metal's
 pride, with water's touch, it must divide. Third, within the sequence known, a
 pattern's end, infinity grown. The first to break, the last to stay, it marches
 on, in ordered way. Combine these three, a code is made, the answer
 hidden, a secret shade. Now, solve the riddle, if you dare, and seek the
 answer, hidden where?
